THE LEDGER some days ago collared an item that was floating through the exchanges to the effect that a free trip to the World's Fair next year would be given to every possessor of an 1894 dollar. Since that time several hundred Maysville people have packed their grips, and if all start who have a dollar of that date, the railways will have to run extra trains. After thinking it over, however, The Ledger Man is of opinion that there was an error in the date—1894 dollars were probably meant, as it is known they are extremely scarce and highpriced.

My attention was called to Doan's Kidney Pills and I got a box at J. James Wood & Son's Drugstore, corner of West Second and Market streets. REPUBLICAN COUNTY CONVENTION.

In accordance with the foregoing, the Republicans of Mason county will meet in Mass Convention at the Courthouse in Maysville on Saturday afternoon, July 11th, at 2 o'clock, to select Delegates to the State Convention at Louisville.

WILLIAM D. COCHRAN, Chairman.

FOR some weeks the Advertisers have had such an "inning" that the Editor had to take to the woods. Now, however, he comes from his hiding; but if you have been reading and heeding the advertisements, it is quite certain that you have profited more than you would have done by reading the editorials.

IS IT in order to wonder how much BURNS FITZPATRICK got for defeating Justice in the Jett-White trials?

IF GOVERNOR BECKHAM would send Colonel EPH. LILLARD, Jr., to bloody Breathitt he might subdue the feudists.

GOVERNOR BECKHAM's Great and Good Friend Judge HARGIS of Breathitt county appears to be getting into the middle of a devilish bad fix.

THIRTEEN divorces were granted by a Louisville Court in one day; and yet there are persons who insist that 13 is an unlucky number.

IF BURNS FITZPATRICK, who hung the Jett-White Jury at Jackson, looks anything like his pictures in the papers, he ought to go off and hang himself.

By the transfer of their trials from Breathitt to Harrison county, it is to be hoped that JETT and WHITE have jumped out of the fire into the frying pan.

IT was eminently proper for the Servian Skuptchina, immediately after electing a gang of assassins as rulers, to unanimously pass a general amnesty law.

BURNS FITZPATRICK, the able Juror who saved CURT. JETT's neck from the halter, is of the private opinion that there were eleven awfully honest men on the Jury with him.

IT will be a wonderful spectacle if the civilized Governments of Europe permit the assassins of the late King, Queen and Ministry of Servia to proclaim themselves successors to the murdered rulers.

FRED. PAPE, who was blown up and killed in his factory at Cincinnati, is said to have carried in his pocket the recipe for manufacturing percussion caps for toy pistols, and that the formula was destroyed when his clothes burned off. It is hoped that this is all true, with the further hope that the recipe will remain lost forever.

OF course, JETT's lawyer says he didn't have a fair trial in Breathitt county. He wouldn't be a lawyer if he didn't say that, inasmuch as he didn't succeed in freeing his client. But that self-same lawyer says his client will get a fair trial at Cynthiana—with the chances about 99 to 1 that he will be sentenced to hang. It is sincerely hoped that the trial will be fair, that JETT will be hung, and that the lawyer will be disappointed.

JUDGE BENNETT, a most excellent gentleman of Greenup, is the only declared candidate for the Republican nomination for Circuit Judge in this District.

A MOVEMENT is afoot to wipe Breathitt county off the map of Kentucky. THE LEDGER begs to amend by swiping out the whole Hargis and Redwine gangs at the same swipe.

THE most lamentable marine disaster of the half-year-old century was the recent defeat of the Harvard Varsity Crew by the Yale Varsity Eight on the raging Thames sewer.

IT is said that the official records show that, by careful count, in the three years of Governor BECKHAM's Administration, executive clemency has been extended to more than 1,000 persons.

MR. S. A. ANDERSON, Clerk of the Ohio Circuit Court and former Editor of The Hartford Republican, is a candidate for Clerk of the Court of Appeals, subject to the action of the Republican State Convention at Louisville.

PRESIDENT ROOSEVELT has decided to transmit to the Russian Government the petition of the B'Nai B'Rith Society, protesting against the treatment of the Jews at Kishinev and other points in Russia. As a rejoinder, it is barely possible that His Royal Nibs the Czarakoffsky may tell the President to tell the Governor of Kentucky to tell Judge REDWINE to tell Judge HARGIS to tell Sheriff CALLAHAN to tell his Deputies to tell CURT. JETT's assassins to quit shooting people in Breathitt county.

AT a meeting of Negroes in Chicago, called to protest against the lynching of colored men, the Rev. C. H. THOMAS advised his hearers that they should, if the hanging and burning of colored men is not stopped by the regular authorities, sell their coats and buy guns with which to defend themselves. Other speakers uttered similar sentiments; but not one word was said about the Negro ceasing his criminal assaults and the murder of white women, which have given rise to the too numerous lynchings and burnings, not only in the South but in the North as well. Stop the cause—and there'll be no longer the effect.

CONSIDERATE ASSASSINS.

Louisville Evening Post.

GOVERNOR BECKHAM'S PARDONS.

Louisville Herald.

The Constitution of Kentucky says that the Governor's pardon record "shall always be open to public inspection." Governor Beckham says it shall not be. We have passed this difference of opinion up to the Courts of the state to see whether the Constitution or Governor Beckham is the source of power in Kentucky.

"MARKED MEN!"

Louisville Courier-Journal.

It has been the custom of the ruling outlaws of Breathitt county to maintain their power not only by holding and prostituting to their desperate ends the offices, but by threatening to murder, and carrying out their threats, those who refuse to do their bidding.

When any man was so careless or so honest and courageous as to displease them they "marked" him for assassination, and he was thereafter known as a "marked man," whose doom was sealed. And sooner or later the sentence thus passed upon him without Judge or Jury was executed. Those who passed it bided their time until they could drop him by a bullet fired either from ambush or behind his back in the sight of witnesses whose silence or perjury they commanded by threats of a similar fate.

That is why it was impossible, until the detail of troops to Jackson, to secure witnesses against these assassins or their tools, and why, even then, it was almost impossible to secure witnesses against Jett and White, two of the murderers of James Marcum.

And even now these witnesses, the Prosecuting Attorney and the Foreman of the Grand Jury which indicted this brace of assassins are known as "marked men."

But The Courier-Journal serves notice that there are other marked men of Breathitt county today. The men who have marked for assassination, or who are believed to have marked, Ewen, Byrd and others who figured in the trial of Jett and White, are marked by the people of Kentucky. The eyes of the state are upon them, and if they but lift a finger to carry out the vengeance they are believed to have sworn against those who dared to do their duty against them, they will be unable to escape the justice of an aroused Commonwealth.

Let them be warned. They are known. And if they fail to heed this warning they will be held to rigid responsibility for the result. And their trials will not take place in Breathitt county.

To Whom It May Concern: This is to certify that I cut my crop of 35 acres of wheat with a Minnie Binder and Minnie Grass Twine at a cost of 7 cts. per acre for twine. My wheat would average 25 bushels to the acre. The binder did the best work I have ever seen a binder do. I could not say too much for the Minnie and Minnie Grass Twine. I solicit communication from any one interested in harvesting.

FLEMINGSBURG, Ky., June 26th, 1903.

To Whom It May Concern: This is to certify that I cut 65 acres of very heavy wheat averaging about 35 bushels per acre with a Minnie Binder and Minnie Grass Twine. My twine cost me for the entire crop only \$7 and I have some twine left. I could not have tied the same crop of wheat with fiber twine for less than twenty-two to twenty-four dollars. This means that I will soon save the price of my binder in twine. Farmers take notice.

As to the binder, it is perfection in every sense of the word and I broke nothing in the entire crop.

From The Sentinel, Gebo, Montana.  
In the first opening of Oklahoma to settlers in 1889 the Editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea, which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by Jas. J. Wood & Son, Druggists.

The steamer narrowly escaped colliding with a fleet of barges, and was rescued by the Island Queen and Relief just in time to prevent an accident which would have caused loss of life. The accident was the result of a broken shafting. Just as the moorings had been thrown loose Friday night one of the shaftings broke. A large piece of iron flew from the shafting and struck Engineer Al Johns on the head, cutting a bad scalp wound. As the boat drifted down the river she blew the signal for help, and several boats started to her assistance. She was towed up stream and tied. The Bonanza took her load out Saturday evening.

**WHEN THE NERVES ARE SHATTERED.**  
When the nerves are shattered one cannot think, work, eat, sleep or accomplish anything. It's a case of force all the time—a continued effort to keep going—no life—no energy—no ambition—upset at anything—nervous headaches—crying spells—fits of depression and utter despondency. Dr. A. W. Chase's Nerve Pills cure this condition to stay cured by rebuilding the shattered nervous system—nourishing the nerve centers and resupplying what is lacking—the active principle of life—Nerve Force.  
Mr. A. J. Carnahan of No. 228 Sixth street Maysville, Ky., says:  
"I have used Dr. A. W. Chase's Nerve Pills in my family for shattered nerves and dizziness and found they would rapidly and easily steady the nerves—give natural sleep and cure the accompanying dizziness. From a practical test of this medicine I can recommend it as an excellent nerve tonic. Should I need such a medicine again I shall not forget they are for sale at Chenoweth's drug store."

### Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.  
If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

### Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.  
Kodol cures indigestion, dyspepsia and all stomach disorders.  
I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.
